PICKLED GINSENG SPROUTS & RADISH

Hydroponically grown Sprout Ginseng.
Radish to help with digestion.
The two ingredients are added to make it
even more delicious.

How to eat?

Eat with meals (with rice).

It is delicious to eat with meat.

The sauce is used in
a variety of dressings.

You can buy it at a nearby Korean market.

가까운 한인마켓에서 구매해 주세요.
